

Fare Filing

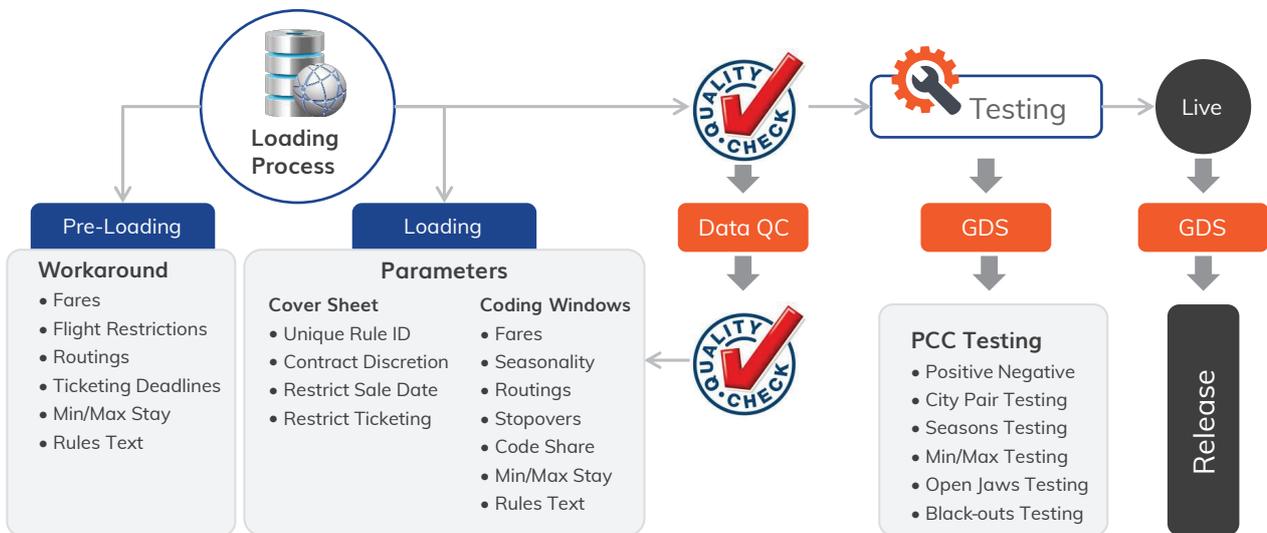

1 Million+ Contracts Loaded
With 99% Accuracy Levels

Fare Filing Services

A large number of passengers fly every day and this number is expected to increase exponentially in the coming years with the increase in the number of routes and aircrafts. Marking the right airfare, at the right time to the right person is of paramount importance. Adding further to the complexity of distribution process is the growing trends of code sharing, ancillary services, competitive pricing, and negotiated fares.

As a preferred travel partner, IGT has successfully implemented and managed multiple fare filing processes, and has addressed various challenges in fare filing due to complexity of fares. IGT team possesses in-depth understanding of rules and regulations varying from simple to complex fare sheets with one or multiple restrictions.

Why IGT?

- More than 1 million fare filing contracts loaded in the last decade using various tools including APF3, ATPCO, and proprietary tools like Datalex and Morpheus
- Consistently delivering 99.99% quality levels with exceptional customer satisfaction scores
- Expertise in interpretation of contracts for categories 25/31/33/35 defined by ATPCO
- Re-issue and refund management capabilities for optimizing the “Revenue Leakage” due to schedule changes, delays or cancellations
- Advanced knowledge and management of fares involving YQ surcharge
- Lowest ADM's reported as per industry standards
